

[Audiobooks Von Itunes Auf Das iPhone](#)

Overview

Einen Monat nach dem nordkoreanischen Angriff geraten die Vereinigten Staaten in eine Anarchie. Alles ist ungewiss, nur eines ist sicher - es wird viele Tote gebe. In einer Zeit, in der die Bedrohung noch nie so real war, schildert die Trackers-Serie, welche Auswirkungen ein EMP-Angriff haben könnte. Explosive, harte Action, geradezu aus den Schlagzeilen gerissen. Steve Konkoly: »Nicholas Sansbury Smith zündet das postapokalyptische Genre mit Trackers neu.« Matthew Mather: »Eine actiongeladene Story über die EMP-Apokalypse, voller brutaler Kämpfe und großartiger Figuren.« Dr. Arthur Bradley: »Ein nuklearer EMP-Schlag ist nach wie vor eine der am wenigsten verstandenen, aber verheerendsten Bedrohungen für die industrialisierte Welt.« Tom Abrahams: »Man dachte schon, das postapokalyptische Genre hätte seine Unterhaltungskraft verloren, und da erscheint Trackers. Eine wunderbare Mischung aus militärischer SciFi, Polit-Verschwörung und Dystopie.«
